

January 2019

Outdoor free play and snack 3:00-3:45 pm

Enrichment Activity 3:45- 4:30 pm

Rather than selecting one activity, students will have the opportunity to rotate through different activities

Daily- PE/Movement/Fitness: Rockford University student Briona Carter will lead students in movement, challenge courses, fitness and sports activities.

Monday-Robotics/Coding: Using kits and free coding programs, students will investigate and complete activities that embed robotics, coding or both. Problem solving, creative thinking, linear thinking and logic are all fostered through these opportunities

Monday- Online Math games: Students will be able to play math games being used in school- Prodigy, Moby Max, ST Math and Education.com

Tuesday- Indoor Gardening: Our Compass team will continue to foster a love for gardening through a variety of projects.

Week 1- Fairy garden (Jan 8)

Week 2- Herb garden (Jan 15)

Week 3- Garbage garden (Jan 22)

Week 4- Tomato garden (Jan 29)

***(alternate) Tuesday and Thursday- Taste Bud Travel:** We continue our culinary and geographic exploration of the world.

Wednesday- Game Day: Compass staff will supervise as students play a variety of games of their choice. Video game consoles and phones are allowed on this day. Board and outdoor games are also encouraged. We hope to use this time to bring back Chess Club. Please indicate interest in chess on your Compass form.

Wednesday- Construction/Destruction Zone: Students will imagine, create, build and destroy using a variety of building tools and surprises from Melissa's generous cache of resources.

Thursday-Winter Wonderland Arts, Crafts and Challenges: Themed winter activities and fun.

Thursday- Puppet Play: Chloe will facilitate students using finger or hand puppets in creative play, making up scenes with dialogue and performing for each other. During one session we may make living puppets using the Spectrum drama costumes.

Friday- STEM and STEAM Challenges: Projects will integrate Science, Technology, Engineering, Art and Math.

****Friday- Funky Food:*** Melissa Prete will provide opportunities for children to experiment with a variety of edible treats. Please send notice of any allergies.

****There will be an additional one time fee of \$10 to cover supplies for the Taste Bud Travel and Funky Food sessions.***
